The Acura Legend Coupe is a revolution. It does not depend on past glories. It does not rely on preconceived notions of what a car should be. It has been designed around the one item that is often neglected. The human being who enjoys driving. The engine is now what other engines will seek to be. Efficient, Advanced, Power ful. 24 valves for improved breathing and power output. 2.7 litres for effortless roadwork 90 degree V-6 and single overhead camshafts for low, aerodynamic profile. You turn the key and ignite a powerful spirit.

The handling of the Legend Coupe is designed around the notion that the car should respond to the driver, not vice versa. Double wishbone independent suspension is vest considerably less and start a coup. Vive la revolution employed on all four wheels. Wheel control is precise. And road control is enhanced vis speed sensitive rack and pinion steering. To bring the Legend Coupe to a standstill, you'll call toll free, 1-800-263-2828
